

Tata Group Induction Program for Business Leaders

Date: 2016-06-02 - 2016-06-03

Venue: Tata Management Training Centre, 1, Mangaldas Road, Pune 411001

Overview

The Tata group is comprised of several operating companies that are broadly clustered into seven business domains/sectors. The group Companies recruit experienced business managers on an ongoing basis . As part of their role, these managers are expected to engage within their organization as well as collaborate with peers in other Tata group companies. While many individual companies do provide an induction to these leaders, what differentiates the Tata Group Induction Program is that it offers a comprehensive view to the group as a whole, and its key facets. Gaining a greater understanding of the Tata group, its history, the evolution, its diversity and current outlook helps participants to develop a holistic perspective on the group and thus facilitates their engagement with other group organizations.
